**SATURDAY 8TH,
FEBRUARY 2020**

**Venue - Auditorium, 2nd Floor,
Sri Shankara Cancer Hospital
& Research Centre**

CME IN GYNAEC ONCOPATHOLOGY

GREETINGS FROM SRI SHANKARA CANCER HOSPITAL & RESEARCH CENTRE !

Gynaecological cancers are complex diseases requiring a holistic and multidisciplinary approach. In this era of precision medicine and advancing cancer therapeutics, the role of pathology in diagnosis and management is rapidly evolving. It is important to keep abreast of recent developments in gynaecological pathology. Close co-ordination of oncologists and pathologists is critical.

This CME aims at bringing gynaecological oncologists and pathologists to the frontiers of recent advances in gynaecological oncopathology towards achieving a deeper understanding of diseases and a higher standard of care.

Pathologists, Gynaec- Oncologists, Gynaecologists, and PG students of these specialities are welcome to participate in this knowledge exchange.

KMC credit hours will be given.
